

# Moline and East Moline

## CLAR PULL TWO BOLD JOBS

When That Same Parties Were Implicated in Both Theft, Police Say.

Two burglaries took place in East Moline last night but no arrests have been made. Whether the thefts were committed by the same parties or were separate jobs is not known.

Police were informed last night of the theft of \$33 from the home of Frank Dornandy, 713 Seventh avenue. It is believed the burglar entered the home early in the night by means of a pass key. A gold Elgin watch and \$48 in cash were stolen from the Elgin Van Dine home, 535 Sixteenth avenue, shortly after midnight by two men who made their escape in a motor. Entrance to the home was gained by removing a screen from the kitchen window. From the kitchen the thieves entered the bedroom and searched the clothing of the De Beks while he slept. It was from his pockets that the watch and money were taken. A neighbor woman saw the two men entering the roadster in front of the house about 1 a. m.

## NEUES PERMIT TO BUILD BANK

Grant of permission to build to the Moline Trust & Savings bank at the city of Moline \$125. This amount was paid yesterday to Levin Lindblad, building commissioner, and was promptly placed in the city treasury. The Bergstedt Construction company, contractors, paid the fee.

Out of the new bank building under construction at Fifth avenue and Fifteenth street is given as \$200,000. So far only grading work has been completed. The bank when finished will be one of the largest and finest in this end of the state.

## DEBERTS SERVICE; WANTS TO RETURN

Ernest E. Day, 19-year-old Baraboo youth, claims he is a deserter from the United States army and wants to go back. He announced the fact that he had come home on a pass from Camp Grant four months ago and never returned, at the Moline police station about 9 o'clock last night. According to Day's story, he enlisted seven months ago, became diseased, and wishes to return to the army for treatment.

He was taken to the Rock Island Arsenal today and turned over to Major Jordan.

## POLICE LEARN OF MONTH OLD THEFT

Dr. Perry Wessel, Moline physician, reported to the police this morning that \$100 worth of apparel and jewelry had been stolen from his home, 3123 Sixteenth street, July 24. The report was made in compliance with regulations of an insurance company which provides that no theft premium will be made unless a report has been made to police authorities.

Dr. Wessel stated he had the stolen items of his own which he hoped would lead to the recovery of the stolen property without the aid of the authorities. A maid formerly employed in the Wessel home, is suspected of having stolen the wearing apparel and jewelry. She left the Wessel employ the same day the garments were found missing and has not been seen since.

## MAY ESCAPE FINE ON TECHNICALITY

Failure of the city officials to give notice before making an arrest will probably spare W. J. Talley, Fifteenth street clothier, and Charles Deal, Jr., charged with obstructing traffic by parking cars, from paying heavy fines. The automobiles were parked in an alley between Fifth and Sixth avenue and Fourteenth and Fifteenth streets.

There appears to be no question about the incident but reference to city ordinances today showed that no penalty may be inflicted if the owner of the vehicle has not been notified to move the same. No notice was given either by the mayor or the street commissioner.

## ALLEY CLEANING ENDS THIS WEEK

Saturday closes the "clean up campaign" in Moline and incidentally marks the passing of indiscriminate garbage collections in the city. Collections under the new ordinance begin Monday. The ordinance limits the materials which may be placed in alleys to garbage, ashes, tin cans and glassware. General rubbish, such as paper, leaves and tree branches must be disposed of at the expense of the individual.

The announcement regarding the closing of the alley clean-up comes through Levin Lindblad, health inspector, who stated he has found it necessary to change his early program of announcing the time during which trash collections would be made. This plan was tried but the public's response was too generous. "Everybody started putting everything in the alley," Mr. Lindblad explained. "It took us a week to clean one block and then we decided to stop giving notices."

## LIFTS BAN ON PAY STUDENTS

Admission of Rock Island Girl to Teaching Staff Believes Congestion at High School.

Due to admission of tuition pupils into the East Moline township high school was lifted yesterday afternoon with the addition of Miss Marie Williams of Rock Island to the teaching staff of the school. Over-crowded classes was the cause for refusing admittance to out-of-town students but since the school can accommodate many more students than are at present enrolled the increase made in the teaching staff relieves the situation.

Miss Williams, who was graduated from the Rock Island high school with the class of '17, and who recently returned from a course of study at the Emerson School of Expression, Boston, Mass., will instruct two classes in history and two in English.

Enrollment at the high school is phenomenal but in proportion to increases in the grade schools of the city. With the lifting of the ban against tuition students today, the enrollment will run close to 190, according to Professor J. W. Casto, superintendent.

## ESCAPED PATIENT FOUND IN SILVIS

Harry Rogers, 30 years old, who escaped from the Watertown state hospital Tuesday morning, was returned to the hospital yesterday. He was found in the Silvis city hall where he had wandered after escaping from the institution's grounds. Rogers is not dangerously insane and came to no harm during his two days' absence. It was his first escape.

Dr. C. C. Ellis, assistant superintendent, is in full charge of the hospital at present during the absence of Dr. M. C. Hawley, who is spending an extended vacation visiting relatives in Indiana. He will probably not return for two or three weeks.

## HILLIS LECTURES TO START FRIDAY

First of a series of Better America lectures based on material gathered by Newell Dwight Hillis, the famous Brooklyn preacher and lecturer during the late war and inter-church movement, will be given at the Moline Y. M. C. A. this evening. The meeting will open at 7:30 and will be free to non-members as well as members. Lectures will be illustrated.

The series is being given throughout the nation under the auspices of the Y. M. C. A. each Y providing its own representative to deliver the address. Harold P. Chaffee, industrial secretary of the Moline Y, will lecture in Moline. The subject of the first talk will be, "How Altruism Increases the Worker's Wage and the Nation's Wealth."

## BOYS' WORKER IS ADDED TO STAFF

Charles R. Dollins, for the last four months athletic director of Camp Wildwood, Wis., was today appointed assistant boys' secretary of the Moline Y. M. C. A. and will direct in future the physical activities of boy members of the association. During the summer months the association has been without an assistant to its boys' secretary, but with the beginning of fall work it was necessary to make this addition to the present staff.

Mr. Dollins is a graduate of the North American Gymnasium college of Indianapolis. He was athletic coach at Central High school of St. Paul, Minn., for two years, directing track and basketball activities and assisting in coaching baseball and football events for the school.

## Moline Obituary

Funeral of Gust Johnson. Funeral of Gust Johnson, 1403 Twelfth avenue, this city, will be held at 2:30 tomorrow afternoon from the home services to be in charge of Rev. W. B. Slater. Interment will be in Riverside cemetery.

## CLUB ELECTS OFFICERS

Josephine Hill, '20, was made president of the after dinner club, the senior girls' literary society, of the Moline high school, at an election held after school hours yesterday. Miss Dorothy Nelson was elected secretary-treasurer. Miss Vernet Johnson was selected as sponsor and the following appointed, chairman of the various committees: Dorothy Beadle, Mildred Carlmark, Cema Larson, Lenti McCulloch, Eva Nelson, Marion Schlotfeldt, Antoinette Setts and Dorothy Swan.

## Horses and Mules

East St. Louis, Ill., Sept. 17.—Horses and mules, unchanged.

## WHEAT GOES UP AFTER GOSSIP; GENERAL RISE

Chicago, Sept. 17.—Wheat advanced sharply in price today largely as a result of gossip that business had been liberal and that domestic milling demand continued active. There were signs also that the general disposition of farmers was to maintain a holding policy. This market showed no evidence of selling pressure. Opening prices, which varied from unchanged figures to \$1/4c higher, with December \$2.25 to \$2.40, and March, \$2.23 1/4, were followed by a general rise that in some cases went 1/4c above yesterday's finish.

Chicago, Sept. 17.—Seaboard dealers of all export demand brought about a decided reaction but later Belgian interests were said to be buying and the market ascended again. The close was strong, 1/4c to 1/2c higher with December 2.42 to 2.43 1/4, and March 2.37 to 2.37 1/4.

Subsequently reports that corn in Iowa sold at \$1,000 a bushel led many Chicago "longs" to sell out. The close was unsettled, 1/4c to 1/2c lower, with December, 1.10 to 1.10 1/4.

Prospects of enlarged receipts kept the corn market relatively weak. After opening 1/4c, relatively 1/4c advance, with December \$1.11 1/4 to \$1.12, the market scored slight general gains but then underwent a moderate sag.

Oats were dull but firm, starting 1/4c to 1/2c higher, December 63 1/4 to 63 3/4c, and later hardening a little.

Strength in the hog market lifted provisions.

## UPWARD PRICES MONEY EASIER FRUIT ADVANCE

New York, Sept. 17.—Prices made steady upward progress on an expanding volume of business on the exchange this morning. Speculative sentiment was cheerful, buying being encouraged by the easier monetary conditions, strength of sterling and the improving labor situation. Pool activities accounted for some striking advances in some of the specialties but the entire list, while a good showing with the usual leaders well to the front, United Fruit advanced 7 points and other industrials ruled 1 to 3 points higher. In the rail section coal issues were absorbed steadily at improvement of 1 to 4 points.

# TODAY IN ALEDO AND MERCER COUNTY

## RUMOR OF MEN GIVING UP IS FOUND WRONG

Three Horsemen, Who Returned to Aleo After Murder Wish to Be Cleared.

Rumors, circulated in Aleo this morning to the effect that the three men, after the murder of Robert Swearingen, had surrendered to a Iowa sheriff, was found to be the outgrowth of the reporting to Sheriff Fleming of three men who had been in Aleo and left. They were horsemen, who had taken part in the races at the Mercer county fair and who had left early in the evening.

After hearing of the murder they decided that rather than be suspected of participation in the affair, they would return to this city and dispel all doubt of their innocence. They telephoned Sheriff Fleming from Iowa and told him that they were returning to Aleo. They arrived this morning ready to present information, showing their actions previous to the murder.

Coroner A. N. Mackay of Aleo is conducting a court of inquiry today in an effort to establish the blame for the shooting of Robert Swearingen. A number of men who were in the vicinity at the time of the shooting have been picked up and questioned in regards to the affair. The principal witness is Dan Laughlin of Aleo, who was in the room when the crime was committed. He tells a story of a holiday by two young men and the subsequent shooting, which Swearingen attempted to thwart the plans of the bandits.

The automobile in which two of the men, who are thought to have shot Swearingen, escaped with, was discovered yesterday near Preemption. It is evident from the direction taken by the bandits, that they were headed for the tri-cities. All police within a radius of 200 miles were notified immediately after the affair and are on the lookout for individuals answering the descriptions furnished by witnesses.

## 18,000 PEOPLE PAID WAY INTO FAIR THURSDAY

Eighteen thousand paid admissions at the Mercer county fair yesterday established a record which is 4,000 higher than any previous mark.

Officials of the fair association stated last evening that the success of the fair this year is even better than was anticipated. Estimations of crowds ranging from 14,000 to 16,000 were made yesterday morning. The actual count of paid admissions shows the number of 18,000 to have bought tickets.

Yesterday's program was the biggest and best so far in the week. Excellent harness races were run and other events slanted the best day in the history of the fair.

With the largest crowd in history on the fair grounds, the danger of accidents was manifold but with the efficient police force at hand, not a single mishap was reported. Thousands of automobiles were parked on the grounds and no smashups occurred.
